15 Sold Auctioneer: Gwilym Richards Sale at 11 am

A much better trade than expected considering the plight of dairy farmers with pitiful milk prices particularly for those on non-supermarket aligned contracts.

Young milky cows met competitive bidding with commercial 2nd calvers from Robert Legge of Bromyard selling to £1,449 (1,380gns) and £1,281 (1,220gns).

The best calved heifers sold to £1,155 (1,100gns) twice from young Jack Adams of Tenbury Wells and James Bassett of Cardiff.
