

**1,500GNS FOR IMPORTED HOLSTEIN COWS
AT COVENTRY FARM SALE**

The dispersal sale of a herd of virtually all imported Holstein cows met a very selective trade with only the best problem free cattle attracting spirited bidding to a top of 1,500gns.

The top priced cow was a second calver which had calved in April and due again next March to the British Blue. The purchaser of the French born cow was from Staffordshire.

Another French born cow which had calved in October last year sold for 1,450gns to a Leicestershire buyer. She was due with her 4th calf in November.

Cows with udder defects or not in-calf were heavily discounted.

The sale was conducted for Bill and Sheila King on their farm at Walsgrave, near Coventry.

Averages –

Warranted Cows £1,043

Unwarranted Cows £573
