**100 DAIRY YOUNGSTOCK incorporating
LIC supported PASTURE TO PROFIT GRAZING DAIRY CATTLE SALE**

Auctioneers: Jason Brown (07774 816384) & Jonty Cliffe (07595 453306)

A decent entry of 100 dairy stock in the market today for this first sale of 2022.

Today's highlight was a fabulous consignment of cross bred heifers from Halton Farms, Congleton. These heifers were a credit to the vendors and had been farmed to a very high standard. This was reflected in the frantic bidding around ringside. The 11 to 12 month old heifers sold from £820 to £960 with 15 being sold in this bracket and 8 to 10 months mainly £580 to £780.

In the Holstein Friesian sections, Mr James Harrison, Tattenhall consigned a bunch of maiden heifers which sold to a premium at £780 on three occasions. DG & HC Hughes, Holywell consigned seven maidens, all with foreign ear tags sold to £790.

Only a handful of served heifers forward, these were from R. & JW. Darlington, Hurleston and sold to £1,120 with grazing cows to £860 and heifers £700.

To conclude a very pleasing trade from start to finish.

Entries now being taken for the March Sale.
