Less cattle forward today with many vendors sitting on the fence, today was the day to get off!! A fast trade from start-to-finish.

The day started with a served heifer from Mr E.W. Hamer, Minsterley this was their final dairy animal to be sold and we thank them for supporting us, she sold to £1,300.

Maidens sold very well with heifers that needed growing for three to four months before bulling, very sought after. These topped at £810 twice with others at £790, £760 and £750 from D. A. & P. A. Waring, Staffordshire.

Once again maiden heifers proved to be the hottest section. Mrs J.M. Griffiths & Son, Barbridge again topped this section at £680 for a ten month old heifer sired by Rainstorm Red.

Calves slighter easier but still well sold at £370.

Enquiries are coming in thick and fast for groups of youngstock for our April and May sales.

Please send your entries to Jason or Jonty.
