

MARKET DRAYTON DAIRY SALES

MONDAY 07 NOVEMBER 2022 (10.30AM)

92 DAIRY YOUNGTOCK

Auctioneers: Gwilym Richards (07768 020393) & Jason Brown (07774 816384)

A good entry and a mixed entry of crossbreds and Holstein Friesians. Lack of forage and the cost of forage has lowered the trade slightly on the grazing types, but trade has remained very firm on yearling heifers with potential for high milk yields.

Holstein Friesian calves topped at £200 from Mr E. Newton, Birtsmorton.

Cross bred heifers due to calve at the end of February and into March reached £710 with most making in excess of £650, these were all part of a consignment of 27 from Mr J. Evans, Anglesey.

As with previous sales the yearlings were in hot demand, the top price today was £860 from Mr E. Newton, Birtsmorton. They consigned 22 yearlings born from October 2021 to February 2022 and ranged from £710 to £860.

Entries already being taken for the December sale and include 50 Friesian in calf heifers and 15 Pedigree bulling heifers.
